

UPMC Carlisle Graduate Nurse Rotational Program

UPMC Carlisle offers a full-time, 6-month rotational program for graduate nurses (GNs). This program, offering an exceptional experience and unique professional development opportunity, is designed for the graduate nurse who wants to gain experience across various areas of care, master skills at each level, and begin a rewarding nursing career at UPMC. There are two tracks available — Med/Surg/ED and OB/NICU.

WHY SHOULD I APPLY?

Excellent Education at a World-Class Health Care System

Each GN will be mentored by a nurse leader and experienced preceptors who will oversee each rotation, making this a fantastic opportunity to learn from many talented nurses. In addition, all UPMC GNs participate in the My Nurse Residency program.
